

A man and a woman are sitting on the edge of a boat, looking out at the ocean. The woman is wearing a yellow bikini top and denim shorts, and the man is wearing a straw hat and grey shorts. They are both smiling and holding beer bottles. The background shows a clear blue sky, turquoise water, and green hills in the distance.

*St. Kitts*

# THE LAY OF THE

# Land

St. Kitts may be small in size, but in all ways—it is strong. Close to both the US and Canada, the Caribbean island is accessible to a diverse group of travelers connected by a mutual draw toward truly intrepid adventures. Sister isle Nevis sits just two-and-a-half miles south, and together, the territories constitute the smallest country in the Western hemisphere. Luckily, they contain a whole universe of singular experiences.

Embark on a natural departure from your own expectations. A distinctly Caribbean island, St. Kitts welcomes you with the region's signature spirit—all while revealing its own serene soul. Uncover its treasures between the walls of an ancient fortress, from the rails of a scenic railway as it sweeps across fields and forests. When Kittitians share their love for everything local, listen. Their land is

their heritage. When you're invited to a street party or parade, or dared to zip-line across the rainforest, say yes.

Be bold in your exploration and follow your curiosity. Find a seat at an abundance of restaurants serving cuisine rich in homegrown fruits, vegetables, fresh-caught seafood and the land's finest cuts. St. Kitts' culinary diversity is reflective of its history—each dish is a cherished heirloom from the island's French, Caribbean, and Indian influences. Delight in both beachfront and inland accommodations that range from oceanfront luxury to mountaintop seclusion. Local rum experiences and live entertainment accompany most meals, keeping spirits high. Joy comes with ease when you're surrounded by so much warmth—both from the land and local Kittitians.

## OUT AND ABOUT

Just 18 miles long, St. Kitts encompasses a lush and verdant landscape centered on a mountainous heart cloaked in rainforest—Mt. Liamuiga. To the southeast lies a long, undulating peninsula scalloped with golden beaches and a single resort: the five-

*endless discoveries*

star Park Hyatt St. Kitts. International flights land at Robert L. Bradshaw Airport, while KayanJet welcomes jets and small aircrafts to a luxury terminal and private lounge. The marina at Christophe Harbour and the dock at Port Zante welcome visitors arriving via yacht or cruise ship.

Hike. Zipline.  
Snorkel. Daydream.

## TIME FOR PLAY

To a child's eyes, St. Kitts is a warm, joyful playground where sailing, sandcastles, swimming and underwater exploration are daily possibilities. For parents, it is a place to lay claim to a soothing spot of sunshine on a quiet shoreline—an oasis of peace and quiet. A trip to St. Kitts can be educational too, as older children and adults learn about the region's nature and storied history. The island particularly suits active families looking to immerse themselves in rugged outdoor exploration.

*Good to Know*

The population of St. Kitts hovers around the 40,000 mark.

# WHERE THE PAST IS

*present*

St. Kitts is where the story of the modern Caribbean begins. In 1623, English settlers established a colony at Old Road, with the French landing the following year.

The legacy of this era, along with that of the indigenous Arawak and Carib peoples, can be found in petroglyphs, gravestones, venerable trees, evocative ruins and place-names from Sir Timothy's Hill to Belle Vue.

Basseterre is home to the St. Kitts National Museum and historic spaces such as The Circus, inspired by London's Piccadilly Circus, and Independence Square (formerly 'Pall Mall').

## Good to Know

Brimstone Hill Fortress is also a national park and ideal for families – pack a picnic.

## GETTING AROUND

You can explore St. Kitts in any number of satisfying ways: rent a car, take a taxi tour or join an organized excursion. A recommended half-day adventure is a clockwise drive round the north coast with visits to the heritage sites mentioned and making further stops at the St. Kitts Eco-Park and the wave-swept Black Rocks.

For something truly unique, book a tour on the double-decker carriages of the St. Kitts Scenic Railway. Departing from Needsmust Station, this travels round the north coast to La Vallée Station in Newton Ground, with a 45-minute bus ride completing the circle.

## RUINS & FORTRESSES

Brimstone Hill Fortress National Park is home to a World Heritage-listed military fort dating from 1690. There are bastions, lime kilns, and the engrossing Fort George Museum. History lovers will also enjoy Wingfield Estate,

where the ruins of the first working estate and rum distillery in the Caribbean have been uncovered, as well as the gardens of Romney Manor, which were once owned by a forefather of Thomas Jefferson.

Shop for some richly-colored, island-made batiks sold by Caribelle Batik at Romney Manor.

# Uniquely ST. KITTS

## 01 SETTLE IN

Step off the plane and into a waiting Porsche Cayenne that whisks you straight to KayanJet, a standalone private terminal that provides a five-star fast-track in and out of Robert L. Bradshaw International Airport. Relax in a refined space with champagne and canapés, and prepare for high-touch customer service. There's no better way to touchdown in St. Kitts—and when you depart, there's an outdoor pool area with sun loungers.

## 02 GO FOR A RIDE

As the vibrantly painted carriages of the St. Kitts Scenic Railway curve around the coast, a Kittitian choir in traditional dress serenades delighted passengers. Running for 18 miles (29 kilometers), this narrow gauge line was originally built in 1926 to transport sugar cane. These days, it serves as a memorable two-hour ride round the north coast, complete with informative guided commentary, refreshing drinks and sugar cakes.

## 03 ADVENTURE TIME

Meet “De Boss” challenge, the longest of Sky Safari’s five zip-lines strung through the rainforest canopy at Wingfield Estate. Find yourself whizzing past lush trees and stunning island landscapes in thrilling zip line rides that will have you soaring at 250ft (76.2 m) and traveling at top speeds of up to 45mph (72.4 km/h).

## 04 ECHOES OF THE PAST

Dramatic stone battlements, a line of rusty cannons still aiming towards the sea, ghostly barracks and even a historic cemetery, it is no wonder Brimstone Hill Fortress National Park was made a UNESCO World Heritage Site in 1999. Once the home of over a thousand soldiers and their families, this formidable citadel is one of the most remarkable historical sites in the Caribbean. Enjoy an enlightening audio-guided tour and spend some time in its extensive museum.

## 05 SOARING ADVENTURE

Even with an early morning start, the steep climb up the flanks of Mt Liamuiga, the crowning glory of St. Kitts, makes for a full day of outdoor exploration. Standing at 3,792 feet, this dormant volcano makes for a spirited hike, and those who persevere will find themselves staring down into the rim of an intensely green, half-mile-wide volcanic crater known as “The Giant’s Salad Bowl.”

## 06 EPICUREAN JOURNEYS

Freshly caught, the tuna arrives seared to perfection and delicately laid over a crisp, organic salad that is almost as stunning as the majestic view of golden sand and turquoise sea behind your plate. Your champagne sparkles with the sunset. Moments like these are precisely why you travel to the Caribbean. Rums in St. Kitts offer yet another flavorful journey. Mango. Coconut. Vanilla. Tough choices must indeed be made. The perpetually exquisite Hibiscus Rum and precisely bold Old Road Rum are also yours for the tasting.

## 07 ISLAND SOUNDS

The lights dazzle, the music sizzles and bodies sway all night. Held each June in Basseterre, the St. Kitts Music Festival is one of the biggest and greatest parties in the Caribbean. Kool and the Gang, Roberta Flack and John Legend have all played at the festival, as well as other international icons such as Lionel Richie, Michael Bolton, Sean Paul, and Shaggy.

Kittitians love cricket – top level international matches are played in Basseterre’s Warner Park Stadium.

## 08 SAIL AWAY

The sails are hoisted and the catamaran is tearing along over a blue gradient. The gorgeous green peak of Mt Nevis looms ahead. There is nothing quite like booking a day-sail with an experienced and knowledgeable local catamaran operator to enjoy a fun day out at sea filled with laughter, music, and overall bohemian enchantment. Upon reaching the sister isle, they’ll drop anchor for a barbecue lunch on the beach with rum cocktails galore.

## 09 A CHANGE OF SCENERY

Fancy exploring sister island Nevis? Whether you go via the 45-minute or 30-minute ferry, the 20-minute car ferry or the 6-minute water taxi, Nevis is easily accessible and well worth any length of travel. Take an island tour and visit the Old Bath House, the historic museum, the beautifully landscaped botanical gardens and St. John’s Anglican Church—where Lord Nelson and Fanny Nisbet were married.

*Good to Know*

Lady Luck is in your corner and the Royal Beach Casino in the St. Kitts Marriott Resort has gaming tables and slots—but you’ll need to bring along an ID.

# MAKE *Time* FOR LOVE

## Good to Know

The VIP treatment awaits your arrival when you check into the Kayan Jet private jet terminal at Robert L. Bradshaw International Airport.

With its multi-hued beaches, emerald landscapes, tropical climate and world-class resorts, St. Kitts is tailored for lovers. This island knows all about helping couples bond, whether they are new friends, recently engaged, tying the knot, honeymooning, renewing their vows, celebrating a milestone anniversary, or simply in the mood for adventure.

Romance means sharing unforgettable experiences, and there's no shortage of those in St. Kitts. From thrilling zipline rides over trees to journeying through the sugar cane fields on a scenic train, or cuddling up on a catamaran cruise as the sun sets, passion lives in St. Kitts.

In St. Kitts, true beauty is discovered slowly. Striking moment after striking moment.

## HELLO, HONEYMOON

For luxury and privacy, hide away in the hills at Belle Mont Farm, where rooms have a private plunge pool and an al fresco roll-top bath. Idyllic honeymoons happen at gorgeous Sunset Reef, meanwhile the Park Hyatt St. Kitts at Banana Bay offers the chance to lounge in a rooftop pool suite.

Easily explored by hire car or taxi tour, St. Kitts offers couples plenty to discover à deux, from horse rides in the hills to a tutored rum tasting. At night, savour an intimate dinner under the stars at The Kitchen in Belle Mont Farm.

## SAYING “I DO”

We're not particularly fond of red tape here in St. Kitts, which is why we keep it to a minimum – and that includes marriages. There's no residency requirement and our local wedding planners make everything run smoothly.

Many couples automatically think 'beach', with the immaculately-kept sands of the St. Kitts Marriott Resort in North Frigate Bay, a favourite, but there are plenty of options. Ceremonies held at luxury villas or aboard a sunset catamaran are popular choices for small, intimate celebrations, while photogenic locations include Brimstone Hill Fortress, the exclusive Palms Court Gardens and Romney Manor, with its magnificent 400-year old saman tree.

# Sandy SHORES

The best beaches on St. Kitts adorn its southeast peninsula and have clean sands, sheltered waters and scenic views of nearby Nevis. Here Cockleshell Bay is the most popular, yet never feels over-crowded. It offers plenty of lively bars, delicious restaurants and thrilling watersports. Adjacent to this, crescent-shaped Banana Bay is home to the Park Hyatt St. Kitts resort. The sands on the more southern

Caribbean Sea-facing side of the island are the most family friendly. South Friars Bay is ideal for a long beachcombing walk with a generous offering of bars along the way. Beaches on the northern Atlantic-facing side are bolder with fewer facilities, so they are better suited for a bracing walk or an exhilarating kite-boarding session, with striking black volcanic sands in the north at Dieppe Bay.

## Good to Know

It's a six-mile (9.6 km) scenic drive from the center of the island to the beaches on the peninsula, so rent a car or take a taxi.

## PARTY TIME

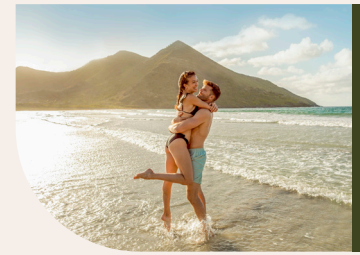

First the sundowners, then it's the bonfire on the beach, then the live band takes the stage. Soca or reggae, both are perfect to dance to under the stars at The Strip in South Frigate Bay. Here, the bar names include Zanzi Bar & Grill, Monkey BaBoozies, Vibes, Buddies and the quirky-sounding Mr X's Shiggidy Shack.

## WATER WONDERS

Cockleshell Bay is home to Reggae Beach Water Sports where you can rent kayaks, paddleboards, jet-skis and fly-boards.

Snorkelling enthusiasts flock to the crystal clear waters of Whitehouse Bay where local operators take divers to top sites like the wreck of the River Taw freighter and the Monkey Shoals reef. Leatherback turtles nest on St. Kitts from February to July, with hatchlings emerging in late September. You can learn more about these endangered creatures during fascinating nighttime eco-tours organised by the St. Kitts Sea Turtle Monitoring Network. They run from April to June and are free for children 12 and under.

Kittitians love to hang out at the beach on weekends. If you seek more deserted sands try Major's Bay or Turtle Beach on a weekday.

# Natural HIGHS

If a meaningful encounter with nature is what you're after, St. Kitts delivers with a myriad of diverse landscapes, respectful development, and abundant historic attractions. A quarter of St. Kitts is covered in verdant forest, and all land above 1,000ft (305 m)

is protected. Everywhere you look flamboyant flowers and fruit trees sprout, including red and yellow heliconias, breadfruits, towering royal palms, and the scarlet-petalled poinciana, the national flower of St. Kitts & Nevis.

## Good to Know

Ever tried kite-boarding? Experience exhilaration with St. Kitts Water Sports.

Here, soul-stirring discoveries embolden you to explore a little further.

## PEAK VIEWING

Do you prefer the view from the top? Then the two-hour hike up to the 3,792ft (1,156 m) peak of Mt Liamuiga is a must. This six-mile, round-trip from Newton Ground is best done with a knowledgeable Kittitian guide who will be an informative companion as you climb up through the cathedral-like rainforest.

The journey can be a little physically demanding, but your ascent is rewarded with cooler temperatures. Visitors looking for a less strenuous activity enjoy Greg's Safaris and Oneil Mulraine's educational, family-friendly adventures on foot and by 4x4 vehicle. Birdwatchers should head to Romney Manor in Old Road to spy forest birds, while Half Moon Bay on the Atlantic coast is a good spot for pond and sea birds.

## THRILLS FOR ALL

A well-established zip-lining course set high up on the Wingfield Estate, Sky Safari guarantees an adrenaline rush. Five lines are suspended up to 250ft (76.2 m) above the ground and children aged six and above are welcome.

Close by, Spectrum ATV Tours and 869AT Ventures run off-road group trips by all-terrain vehicle (quad bike), a two-hour drive through the sugar fields and old plantations (minimum age 16).

For horseback riding, Trinity Inn Stables in Palmetto Point has trails along the beach leading into the rainforest, and Fun in the Saddle offers horseback riding in the Monkey Hill area.

Leeward Island Charters offers catamaran cruises out of Basseterre that sail along the coast with stops for snorkelling. Other notable catamaran operators include Blue Water Safaris and Coastal View Charter. You can even book a full day sail across to Nevis and back.

Garden-lovers should visit the St. Kitts Eco-Park near Sandy Point, which has the largest greenhouse in the Caribbean.

# Time FOR TEES

Dramatically windswept and gorgeously satisfying, the driving range and fairways at the Four Seasons Resort Nevis West Indies delight and enchant golfers of all skill levels.

Visit its elegantly appointed Golf Pro Shop and enquire about lessons and clinics before heading out. Then, take in the sweeping views of the resort and the neighbouring island of St. Kitts as you tee off at the Robert Trent Jones II signature 18-hole, par-71 course winding over 6,766 lush yards (6,187 metres) from the slopes of Nevis Peak down to the edge of the Caribbean Sea. The journey will take you via a vibrant tropical landscape promising a few fascinating encounters along the way.

Early on, you discover that this is not just another day out in the green as the remnants of an old sugar mill behind the second tee find you.

Enchanting views of the misty mountains that earned Nevis its name will follow you throughout the day, and the drive to the sixth hole brings you face to face with The Lonely Tunnel. “This tunnel is the only tunnel in Nevis,” the inscription reads. “Good fortune will accompany you each time you enter and exit.”

Meanwhile, green vervet monkey sightings are common, especially during the late afternoon hours as these playful primates seem to be avid fans of the game. Keep an eye out for majestic banyan trees and wildly photogenic herons.

Wind down the day with fantastic sunset views from the 13th hole, and then make your way to hole 15 via a winding drive under a canopy of island greenery to fulfill the Lonely Tunnel’s cheerful prophecy.
